2. എല്ലാ ദിവസവും മലയാളം ഒരു ഖണ്ഡിക എങ്കിലും വായിക്കുക.

**SANSKRIT**

***Translation Practice***

Translate 5-10 sentences from English/Hindi to Sanskrit.

## **MATHEMATICS**

### ***Board Game Challenge – Create a Math-based Game***

1. Design a math-based board game that involves calculations, logic, and strategy.
2. Develop rules and explain how math concepts (e.g., probability, fractions, percentages) are applied in the game.
3. Play the game with family or friends and record feedback.

## **SCIENCE**

### ***Instructions:***

1. Collect various waste materials from your home, neighbourhood, or community such as:
  - Plastic bottles, cardboard boxes, newspaper, fabric scraps etc.
2. Think creatively and come up with unique ideas to transform these waste materials into useful products, such as:
  - Decorative items, planters, pen holders, bags, etc.
3. Create a minimum of 3-4 products using different waste materials.
4. Take clear, well-lit photographs of your creations from different angles.
5. Write a short description (around 50-100 words) for each product, explaining:
  - The waste materials used
  - The process of creation
  - The benefits of upcycling/reusing waste materials

### ***Submission:***

1. Create a scrapbook with the photographs and descriptions of your creations.
2. Include a cover page with your name, class, and title of the project ("Best Out of Waste").
3. Submit the scrapbook to your teacher on the first day of the new academic session.

## **SOCIAL SCIENCE**

### ***Critic's Corner***

Watch a patriotic movie and analyse it critically, write a review of the same.
